Good morning and thanks for the call.

I would email back and state your position – that you rented a property and received mail regarding ownership of it. You can say that the police and CPS are taking a matter to court regarding Cheryl Plummer and the attempted ownership of the property that you were in. I would email them back today.

Should they want any further confirmation – you can give them my email address etc and I can liaise with them. DC Beames is AL today – and she is now a Beds officer and is back tomorrow.

It would be worth mentioning that [REDACTED] is a vexatious litigant prohibited from acting in civil court.

Regards –

Anna
